CONSERVATIVES INTERNATIONAL

AMERICAS

“Without private enterprise, there is no creativity. Science and education stall. Human progress is delayed. Freedom cannot be divorced from free enterprise.”

Alvaro Uribe
Former President of Colombia

THE NETWORK

Conservatives International is the leading global network of conservative, classical liberal and Centre-Right thought. Uniting politicians, businesses and think tanks, we make the global case for individual liberty, private property, unrestricted commerce and small government.

So far, the free market has been rarely defended in language that appeals to the 70 per cent of human beings who cannot afford cars and washing machines. Yet conservative ideas have proven to work whenever they are implemented in developing nations, from cheap private schools to easier registration of land and property; from workable pension systems to the involvement of charities and faith groups in the provision of welfare.

Join us as a sponsor of the Americas Conference to make the ethical case for global conservatism. With your help, we will highlight the difference between being pro-market and being pro-big corporates. Together, we will advance a popular conservatism that works for the individual, not for the corporates. United, we will argue for free markets as the ultimate instrument of poverty alleviation, conflict resolution and social justice.

“Without economic development, any potential for political openness and freedom will be questionable.”

Jose Maria Aznar

Former Primer Minister of Spain

PARTNERS

With the help of our partners, we will discuss the principles of free enterprise, limited government and individual freedom, whilst making a strong defence of national state sovereignty.

At this Conference organisations will be more than just participants, they will be an integral part of Conservatives International, pioneering debates and organising fringe events.

This is an unprecedented and essential platform for think tanks, NGOs, Foundations and companies to widen their audiences by having their own space at the Exhibition Center. Here hundreds of people will spend 2 days reaching for new ideas.

For those organisations that want to be the first to have their message heard, we have the possibility of breakfast events on Friday and Saturday.

Join us at the Hotel Diplomat in Miami on the 26th and 27th of May. Do not lose this unique opportunity to create a platform that aims to destroy poverty worldwide.
